We Are Stronger Together

Managing political advocacy and regulation is the Montana Stockgrowers Association's (MSGA) core business, and we strive to safeguard ranchers interests from regulatory impact. Investing in MSGA is a strategic move by which ranchers can mitigate threats or create opportunities by affecting public policy decisions.

+ U.S. Congress

MSGA is the go to authority in Montana for members of Congress seeking counsel on federal tax policy, endangered species act, farm bill, federal land policy, waters of the U.S. and expanding international markets for U.S. beef, just to name a few. Estate taxes on family owned ranches often exceed cash and other liquid assets, often forcing the sale of land, property and equipment.

+ Helena and Washington D.C. Agency Representation

MSGA actively engages with the Board of Livestock, State Land Board, Department of Natural Resources and Conservation, Department of Environmental Quality, and the Fish and Wildlife Commission to advocate rancher's interests. This representation includes attending monthly meetings, briefing senior agency staff, and influencing agency decisions.

+ Montana Legislature

MSGA advances ranchers interests on numerous issues such as cattle health and brand enforcement regulations, water rights, public access, wildlife management and private property rights, everyday at the legislature.

Not only does your MSGA membership give you direct contact with companies that can help improve your bottom line, but it also provides access to the Stockgrower Update, a monthly newsletter, which you have the exclusive opportunity to read online! From the latest policies and regulations being tackled by MSGA, to the most exclusive insight and information.

When you choose to invest in a membership with MSGA, you are helping to create a better business climate for Montana ranchers. Together, we have and will continue to address the challenges within our industry. We are at a time of tremendous possibilities and, with your partnership, we have the opportunity to work together to continue to build a strong front across the industry sectors of Montana.
